HOW TO PREPARE

CYCLING & OTHER ACTIVITIES

Rider Type | 2&3

Terrain | hilly

Average Daily Distance | 30 miles

Average Daily Climbing | 1,200 feet

On all of our vacations, Trek Travel strives to find quiet, paved secondary roads or bike paths to experience a region; busy roads are avoided as much as possible. On most Trek Travel trips, you can ride as much or as little as you like. Santa Barbara Wine & Beach is best suited for our Type 2&3 Riders. Our Trek Travel guides can also easily accommodate Type 1 Riders, who seek less mileage or fewer uphill, with a boost in the van. Those who wish to ride every mile but are concerned about their physical ability may want to try our electric bike option—you still get a workout but can climb alongside even the strongest rider. Type 4 Riders will enjoy the extra mileage the avid route options offer. See *Itinerary* for specific daily ride distance and elevation options. For a description of our Rider Types, please consult www.trektravel.com/riderlevels.php.

On most Trek Travel trips, we offer non-riding options for riders who want to take the afternoon off, or travel companions who want to spend little or no time in the saddle. Some of these options may need to be scheduled before your trip—please contact one of our Trip Consultants for more information. Expenses and/or related transportation to these activities may not be included in the trip price. See Included In The Trip Price for more information.

Some non-riding options on this trip are: Stop at the numerous tasting rooms and vineyards throughout the trip | Book a luxurious spa appointment | Wander the local towns of Solvang, Santa Ynez, and Santa Barbara | Relax by the beach in Santa Barbara | Explore the aquarium on Fisherman's Wharf

TRAINING & YOUR HEALTH

The best way to train for a Trek Travel adventure is to get out there and ride! However, if for some reason you cannot ride regularly or are limited in the amount of riding you can do, it is still important that you engage in another cardiovascular activity that suits your lifestyle like jogging, walking, swimming, or aerobics. The most important thing to remember is to maintain your level of physical fitness and to get used to being active for consecutive days. If you have any concerns or questions about your health, contact your physician and be sure to make your Trek Travel Trip Consultant aware of any relevant health concerns.

As you prepare for the trip, try to ride a variety of terrain—long, flat stretches and some hills—the kind of terrain that you can expect to find on your Santa Barbara Wine & Beach biking vacation. You should feel comfortable getting back on a bike after having ridden an average of 30 miles for several days in a row. The terrain is highlighted by rolling roads with a couple moderate to long climbs, not to mention amazing views of the surrounding area. The varied hills and valleys of Santa Barbara County make for very enjoyable riding. Build up your stamina for longer distances and hilly terrain as you lead up to the trip. Ride 2-3 times a week and build to include a longer ride at least once per week (about 62 miles). If you ride in a flat area, a spinning class or trainer can provide some more resistance to build strength.

As a Trek partner, we've been involved in the cycling industry for over 30 years and are connected to the best cycling coaches in the industry. Whether you are a category-2 racer or a beginner, we can connect you to a trainer that will get you in tiptop shape! Simply give us a call.

Tipping your Trek Travel Guides... *Gratuities to your Trek Travel guides are not included in the price of your trip. Please tip your guides, at your discretion, based on their level of professionalism and service. The industry standard is 5-10% of the trip price, to be divided amongst your guide team.*

CLOTHING & GEAR

CLOTHING & GEAR

We want you to be prepared for your trip with Trek Travel. To help you, we have put together a packing list for your trip. We highly recommend you bring the items listed on our *Packing List*. Keep in mind that you will be active for a good portion of each day, so make sure you bring enough changes of clothing to suit your needs.

Staying Warm and Keeping Cool | We recommend layering as the best way to stay warm and keep cool. Though we can't guarantee perfect weather, we can guarantee that the sun may not always shine. To keep you protected from the elements and feeling cool on a hot day, always carry rain gear and start with a breathable synthetic shirt to layer under a vest, windbreaker, or fleece jacket. Avoid cotton fabrics while exercising—the absorbent qualities prevent wicking and insulate poorly when wet.

Biking Attire | To ensure your comfort on the bike, it is important to wear the appropriate clothing. Padded shorts or cycling-specific shorts are recommended to help prevent chafing and soreness after a long day in the saddle. As well, we encourage you to wear a cycling jersey or a breathable synthetic shirt. This will help wick moisture away from your skin and prevent you from becoming chilled or overheated.

Many people wonder if they should bring things like cycling gloves and cycling shoes. Gloves provide much-needed padding for your hands and will prevent them from getting sore and tired as the day goes on. Cycling shoes that come with cleats and special pedals should only be used if you have been riding with them on a regular basis and are comfortable using them on long riding days. We encourage you to take the time to learn how to ride with them before using them on your Trek Travel vacation.

Evening Attire

North America | Asia Pacific | Latin America

- *Luxury* | The evening activities on these trips revolve around a theme of *casual elegance* or *business casual*. Guests will not be required to have formal dress.
- *Explorer* | The evening activities on this trip revolve around a theme of *casual dress*.

Europe

- *Luxury* | Guests will not be required to have formal dress. Dinner jackets for men are optional. Certain trips do require men wear dinner jackets, this will be communicated in an email one week prior to the trip start.
- *Explorer* | Most evening activities on this trip revolve around a theme of *casual dress*, however it is best to bring one outfit of *casual elegance*.

What is casual elegance? | For women, this theme can be defined as anything you might wear to work or for a night out on the town with the girls! Skirts, dresses, dress pants and elegant or funky tops are very acceptable. Tip from your guides—accessorize! Earrings and scarves take-up much less room than a entirely new outfit! For men, this theme can be defined as anything you might wear for an afternoon at the country club. Khaki pants, dress pants, shirt with a collar (short or long sleeved) or polo shirts are acceptable. Jeans/sneakers/shorts/etc. *are strongly discouraged* as attire for evening meals on our Luxury trips. Our recommendations stem from a commitment to ensuring all of our guests feel comfortable in the restaurant venues we choose.

Casual Dress | Clean and un-tattered jeans and shorts are acceptable attire on our Explorer trips.

CYCLING SAFETY

On a Trek Travel vacation, understanding and abiding by the rules of bicycling safety are the most important part of each day. You are probably familiar with some common safety guidelines. Below are those that we follow at Trek Travel, and we ask that you follow them while traveling with us.

ROAD CYCLING SAFETY

- It is required that you wear a helmet at all times when on your bike.
- Obey all traffic signs.
- Always yield the right-of-way to pedestrians.
- Ride on the same side of the road as the direction of moving traffic.
- Use the appropriate hand signals when stopping, slowing down, and turning.
- Ride in a single-file line, leaving at least 2 bike lengths between you and the rider ahead of you.
- Maintain a safe distance between you and the edge of the road.
- Communicate with other riders—let them know when there are bumps, rocks, cars, or other hazards on the road.
- Be ready for vehicles to pass you on the left.
- Use both the rear and front brakes simultaneously—NEVER use the front brake alone.
- When going downhill, pump both the front and rear brakes simultaneously, and increase the distance between you and the rider ahead of you.
- Always maintain a speed that is comfortable for you.
- Use caution when crossing over railroad tracks, cattle crossings, gravel patches, slippery or sandy roads, descending steeply, or when encountering a situation that is potentially dangerous or uncomfortable for you.
- Always get off your bike and walk if you feel uncomfortable riding.
- Gear up and gear down appropriately to maintain a safe and comfortable riding speed.
- When admiring the view or taking a photo, always stop first and then look or snap.
- Above all, have fun and enjoy your ride!

—Brian

The Absolute Best Guides

Your guides provided “seamless”, “no problem” service, & consistently went beyond expectations to provide a really wonderful experience. The guides did a fantastic job both in preparing the trip and customizing it to respond to our requests and suggestions.

Ride the Best

The quality of the bikes was way beyond my expectations and the level of daily care that our guides lavished on the group and our bikes bordered on superhuman.

—Patrick & Jennifer

Your Day, You Decide

They did cool things with the routes that gave you the option to take a shorter route back to the hotel if you chose. We rode the long route the first day or two, then took the shorter option...to get back into town to shop, relax, and send postcards.

Local Connections

Philippe was simply awesome. His command of the Vietnamese language brought the experience to life. Several times throughout the day, something would catch the eye of one of the guests and rather than just becoming a photo opportunity, Philippe would stop and start a conversation.

We Like to WOW You

Of all our vacations, this was our favorite. The fact that we were a part of the Tour [of California], in the VIP tent, mingling with pro riders—

WOW

—Edward and Katherine

To call the trip anything short of amazing is an understatement equivalent to calling Lance a pretty good bike rider. Everything was as promised and the surprises that were thrown in along the way put it right over the top.

It's in the Design

My wife and I usually do trips on our own, but now realize that guided tours are the way to go! All the mistakes that you can make on your own were eliminated, and (our guides), Kevin and Laura, found some great attractions that we'd surely have missed on our own.—Jeff

THE ABSOLUTE BEST GUIDES

They are hand-picked for their natural charm and undergo extensive training to make them the best in the industry. They are teachers and scientists, writers and painters, all natural leaders who are passionate about biking, exploring and making sure our guests have the experience of a lifetime.

Whether it's having a warm exchange with the children of Vietnam with the help of Philippe, falling in love with Cendrine's French accent in Bordeaux, or learning how to frame the perfect memory with the help of Zack's professional photographic eye, you'll find our guides eager to share their endearing qualities. Along the way, they might just become the most memorable part of your vacation.

I can't possibly say enough about our experience with the guides! From Katie's advice about my pedaling on the hills, to Bruno's patient translation of the menus, to Leanne's efforts in fitting and tuning my bike, to the attention they gave to even the tiniest details. They were delightful companions, and did so much more than I expected.
